

A Sprout of Love for Mother's Day
Because you serve with all your heart,
I want to tell you from the start...
That all the love and care you show
Is planting seeds of faith to grow.
They may not be seen overnight
But soon will blossom from the light.
You shine on leaves that need much grace
And warm each branch with your embrace.
So keep this set of prints to view
And know this little sprout
loves you.
